Re: Water Right Permit No. **G2-27015**

Dear Mr. Drohman:

We are pleased to let you know that your extension request for this water right permit has been granted. Your new deadline to put the water to **full beneficial use** and send a completed Proof of Appropriation form is **December 31, 2010**.

Reasons for granting extension:

- The supply needs of the public water system's service area, the area served by Prairie Ridge Water Company.

As a condition of this extension, the Department of Ecology is adding metering provisions to update your permit according to the most recent metering statute, Chapter 173-173 WAC. Please review the new metering provisions located on the back of your amended permit.

When you return the completed Proof of Appropriation form to us, be sure that:

- It is **notarized**.
- You have written in the **parcel number** for the point of diversion/withdrawal for where your project is located (and the place of use, if different). Parcel numbers can be found on property tax statements or obtained through the assessor's office.
- You have attached additional data in evidence of meeting provisions included on the original permit.

Upon receipt of your Proof of Appropriation form, we will review the information and may come out to inspect your project. Once we are confident that all of the terms and provisions of your permit have been met, we will notify you by mail to request the certificate recording fees for the state and county.
